EDUCATION

2018 - Present **Ph.D., Biology, Texas A&M University**
Main areas of research: Population genetic models. Bioinformatic approaches to analysis of signatures of adaption. Evolution of circadian mechanisms.

2013-2017 MSci. Cell and Developmental Biology. University College London.
Thesis: Time-of-day matters: circadian control of the cell cycle checkpoints and cell migration is mediated by intercellular communication and regulates resolution of wound healing *in-vitro*.
Thesis supervisor: David Whitmore

2012-2013 Cert.H.E Life Sciences for Subjects Allied to Medicine. Birkbeck College. University of London.
Distinction.

PEER REVIEWED PUBLICATIONS

2019

1 Perkins, R.D., **J.R. Gamboa**, M.M. Jonika, J. Lo, A. Shum, R.H. Adams, H. Blackmon. A Database of Amphibian Karyotypes. Chromosome Research – early online DOI: 10.1007/s10577-019-09613-1

Databases

1. Amphibian Karyotype Database. *https://karyotype.org*

CONFERENCE PRESENTATIONS (T – talk P – poster † coauthored with a student/postdoc/major professor)

2019

- *The impact of operational sex ratio bias on sexually antagonistic variation in finite populations; Student-Postdoc Research Conference. Texas A&M University – P*† (co-author Heath Blackmon)
- *The impact of operational sex ratio bias on sexually antagonistic variation in finite populations*; Evolution Conference. Rhode Island – P† (co-author Heath Blackmon)
- *Operational Sex Ratio Bias and the fate of sexually antagonistic variation*; South Texas Genetics Society Meeting. Texas A&M – P† (co-author Amy Shum, David Gafford-Gabey, and Heath Blackmon)

Awards and Minor Grants

2015 The Genetics Society Summer Studentship - £3500

Other Publications

2016 Manuscript reviewer. *Circadian Rhythms: A very short introduction* by Russell Foster and Leon Kreitzman, Oxford University Press.

Additional Training

2019
GIS Day 2019 Texas A&M University - Social Media Data Mining workshop.
GIS Day 2019 Texas A&M University - Introduction to QGIS workshop.
HPRC Texas A&M University - Introduction to Next Generation Sequencing.
HPRC Texas A&M University - NGS Assembly.
HPRC Texas A&M University - Introduction to Deep Learning with TensorFlow.
TAMIDS Deep Learning with Keras.
TAMIDS Machine Learning with scikit-learn.
NVIDIA DLI Deep Learning for Computer Vision.
Texas A&M Data Science Bootcamp.
Third Official Software Carpentry Workshop at TAMU (Shell, Git, and Python).

2014-2016
Confocal microscopy and live cell imaging - UCL Confocal Imaging Facility.
Super resolution microscopy and image processing - MRC LMCB University College London.

Teaching Experience

Teaching assistant/Laboratory instructor

2019	BIOL111 - Introductory Biology	46 students
2018	BIOL112 - Introductory Biology 2	47 students
2018	BIOL111 - Introductory Biology	48 students

Academic service

2019 R Hackday workshop - Texas A&M University - Volunteer assistant.
2019 OSOS Open Source for Open Science EEB workshop - Volunteer Assistant
2019 Biology Graduate Program Student Mentor - Mentee: Nopakorn Hansanant

Professional Memberships

Genetics Society of America
Society for the Study of Evolution
